

SURVIVAL GUIDE

A decorative pattern of grey wrenches arranged in a grid, located in the top right corner of the page. The wrenches are oriented diagonally, with their heads pointing towards the top right and their handles extending towards the bottom left.

Dear participant,

we want to congratulate you for achieving victory in the Local round of EBEC. Now we wish you the best of luck in the next stop of your adventure where you will compete against winners of five different local rounds.

This Survival Guide will serve you as a helper on your journey to Budapest. Here you find useful information about the country, what to see in the city and how to survive the event. And if you would miss anything, you can find contact for the organisers and ask them any additional questions.

WHERE ARE YOU GOING?

EBEC Central takes place in Budapest. That is the capital and the largest city of Hungary. The city currently has 1,74 million inhabitants. Budapest became a single city occupying both banks of the river Danube with its unification on 17 November 1873 of Buda and Óbuda, on the west bank, with Pest, on the east bank. On the right side lies the hilly Buda, while on the left the plain Pest. 14 bridges connect the two sides, and make the look of the city more wonderful. Cited as one of the most beautiful cities in Europe, its extensive World Heritage Site includes the banks of the Danube, the Buda Castle Quarter, Andrásy Avenue, Heroes' Square and the Millennium Underground Railway. Budapest is the only capital city in the world which has thermal springs.
